## **OLD BUSINESS**

Mission was a success.

Holy Communion to the sick. The guidelines for communion to the sick will be researched by Deacon Joe and then the parish will be educated on this. We will also meet with Fr Stan about this. We consider a “comfort Ministry” to take communion immediately after mass. We also discussed reverence for those coming to the communion line with a Pyx. This will be an ongoing discussion. Beth B and Deacon Joe will likely meet with Fr Stan in the near future.

## **NEW BUSINESS**

There was a joint meeting between the Parish Councils of St Andrews and St Mary of the Hills. Beth B attended and gave a brief report. Since St Andrews is our collaborative parish, there will be ongoing communication.

*Communities of Salt and Light Report:*

Questions for April to discuss:

1. *In what ways are our social ministry efforts rooted in Scripture and spirituality, and connected to liturgy and prayer?*

We do have prayers of the faithful on a regular basis that pray for social justice.

We feel that the underlying message of social justice is “out there”, but how well do we tie in the message of make it understood. ie: St Michael’s food pantry.

We do have speakers come to mass throughout the year and do have regular collections for social justice causes; some are outside our community and worldwide.

2. *How effectively does preaching at our parish reflect the social dimensions of our faith?*

We think it is made, but how clear is it and it is recognized as such?

People seem to respond to needs, but are they *connected*?? Need more education through preaching. This would be a growth area.

There will be a new set of questions for May:

How do parishioners become aware of these opportunities for service and action?

What direction do our service programs provide to our parish efforts in advocacy-in changing the conditions that create poverty and suffering?

**Next meeting is Wednesday May 14, 7:00 PM at HFRS.**
