Due to conflicts with schedules, the SC met twice this month. Combined meeting Minutes are:

Laura reported on the success of the Parish Census with data entry completed over the summer. Records were updated with current personal information and email addresses for ~1000 of our 1700 parishioners.
2. Gifts and Talents Inventory:
  - The second half of our Parish Census is our Gifts and Talents Inventory. The purpose of the Inventory is to grow our volunteer base by matching the skills, interests and talents of our parishioners to specific needs of SMOTH through a sort-able database managed by Laura as volunteer coordinator.
  - Final draft of the Gifts and Talents Inventory was completed 14Sep. Clem later suggested adding numerical coding for each entry and pivot tables for easier sorting and data usage. We welcome Clem to the SC and appreciate his talents in project management and data collection.
  - Laura agreed to work the administrative details of the parish-wide mass emails with Jennifer Stembridge for the targeted email blitz on 19Oct as well as finalize the Intro letter from Fr Stan.
